

Q3 Performance in Initiating October - December 2015

Number	Name of Trial	REC Ref	IRAS Ref	Date of Valid Research Application	Date of NHS Permission	Date First Patient Recruited	Benchmark Met	Comments
69472	BEATS	15/YH/0077	167078	22/01/15	18/02/15	02/03/15	Yes	
69473	PARAMEDIC2	14/SC/0157	147538	28/10/14	19/02/15	14/12/15	No	Sponsor submitted a generic SSI form in October 2014. North East Region not time-tabled for set-up until February 2015. Informed that the North East Ambulance Service do not intent to recruit patients in Tyneside until Nov-Dec 2015. Notified by the Sponsor on 15/12/15 that 3 patients were successfully tracked through our hospital.
69474	NAL-NL2 versus DSLv5 for Tinnitus	15/EM/0178	172049	14/05/15	15/05/15	29/05/15	Yes	
69475	DP-WAVES	15/NE/0112	172034	02/06/15	24/06/15	25/06/15	Yes	
69476	GlySure Study in Acute Care Setting Patients	14/YH/1263	162807	19/06/15	20/07/15	23/11/15	No	Sponsor delays in sending out equipment to sites. Research Nurse was off sick for 3 weeks. All issues are now resolved and the first patient was recruited 23/11/15.

Q3 Performance in Initiating October - December 2015

Number	Name of Trial	REC Ref	IRAS Ref	Date of Valid Research Application	Date of NHS Permission	Date First Patient Recruited	Benchmark Met	Comments
69752	NAVIGATE ESUS	14/WS/1146	166537	14/12/15	17/12/15		Within 70 days	Sponsor delays in sending out the study finances for CTA appendices. There was also confusion regarding the study budget. This caused delays for the Trust finance review. 5 patients have been identified as eligible. Localised study documentation not received from the Sponsor until January 2016.
69753	EME TIPAC	14/LO/1800	146057	30/11/15	08/12/15		Within 70 days	
69754	PREVENTT	12/EE/0045	106714	20/10/15	29/10/15		No	Research Nurse has been off sick.
69755	ADD-ASPIRIN	14/SC/0171	120104	15/10/15	27/10/15		No	3 patients identified for the study but consent has to take place within 6 weeks of radiotherapy. Radiotherapy is taking place at another Trust and patients will not be returning to this Trust until 8 weeks after radiotherapy. Now that this issue has been identified, potential study participants will be contacted before their radiotherapy appointment and arrangements made for them to return to this Trust within the 6 weeks timeframe.
